KEY SKILLS
COMPETENCIES

- Systems & Network Administration - Windows, Linux/Unix
- Active Directory & Microsoft 365 - Teams, Exchange, OneDrive
- Endpoint Security - Antivirus, EDR, Patch Management
- SIEM & Log Analysis - Sentinel, Wazuh, QRadar, Splunk
- ICT Support & Helpdesk Operations
- Hardware & Asset Management
- Vulnerability & Incident Management
- ISO 27001 Compliance & ICT Policy Implementation
- LAN/WAN, Firewall & Router Configuration
- Backup, Disaster Recovery & Business Continuity

CERTIFICATIONS

- Security Analyst - CyberShujaa (Serianu)
- SC-200: Microsoft Certified SOC Analyst Associate
- SC-300: Microsoft Certified Identity and Access Administrator Associate
- SC-900: Microsoft Certified Security, Compliance and Access Fundamentals
- AI-900: Microsoft Certified Azure AI
- AZ-900: Microsoft Certified Azure Fundamentals
- Belkasoft Certified iOS Forensics
- Belkasoft Certified Windows Forensics
- Network Security - Cisco
- Huawei HCIA Datacom
- NDG Linux Essentials - Cisco

SAMUEL HIIRA
MURIITHI

SUMMARY

A results-driven Cybersecurity and IT Professional with 3+ years of progressive experience across SOC operations, SIEM management, threat intelligence, vulnerability management, and IT infrastructure administration. Demonstrated ability to reduce phishing susceptibility by 40%, improve SIEM detection accuracy by 30%, and maintain 99%+ system uptime across multi-site environments. Holds SC-200 Microsoft Certified SOC Analyst Associate, SC-300, multiple Microsoft security certifications, HCIA Datacom, and Belkasoft forensics certifications. CompTIA Security+ in progress.

WORK HISTORY

February 2026 - Current
SOC Analyst HFCB | Nairobi, Kenya

- I monitor security alerts and analyze logs from various sources including web servers, application servers, databases, IDS and IPS systems for possible security breaches.
- I document incidents and resolutions for future reference and training.
- I collaborate with IT teams to enhance network defenses and protocols.

May 2025 - January 2026
ICT Officer Amica Savings & Credit | Murang'a

- I administered and managed the Domain Controller, and other internal servers maintaining 99% system uptime.
- I provided system support for the core banking applications, performing Start of Business and End of Day with 100% timeliness.
- I conducted monthly antivirus & Windows patch updates across all endpoints, achieving 100% compliance with security updates.
- Troubleshooted and resolved ICT hardware and software issues, achieving a 95% SLA compliance rate and reducing average resolution time by 30%.
- Provided technical support to end-users through tele-support and onsite troubleshooting, resolving 99% of escalated issues.
- Tracked and managed ICT hardware inventory, ensuring availability of parts and achieving 99% readiness for repairs and upgrades.

May 2024 - December 2024
Security Operation Center Analyst Yelbridges Ltd | Thika

- Monitored and investigated 500+ security alerts daily on SIEM tool, escalating incidents and documenting resolution efforts with 99% accuracy.
- Spearheaded a SIEM solution setup and onboarding for 5+ clients, optimizing detection rules and improving alert accuracy by 30%.

- Cisco CCNA (Completed Coursework)
- CompTIA Security+ (In Progress, Expected Dec 2025)

EDUCATION

January 2021

B.Sc | Information Technology
Dedan Kimathi University of
Technology, Nyeri

January 2014

KCSE
Kirogo Boys High School, Murang'a

- Coordinated vulnerability and patch management across 200+ internal and client systems, ensuring 95% compliance within SLA.
- Participated in 5+ incident response investigations, performing log analysis and delivering structured client reports that improved remediation speed.
- Conducted proactive threat intelligence and hunting activities, identifying emerging threats before exploitation.
- Partnered with the Data Protection and GRC teams to support ISO 27001 compliance, contributing to successful audit readiness.
- Co-designed and executed 3 phishing simulation campaigns for 200+ employees, reducing phishing click rates by 40%.
- Authored detailed reports and executive presentations on organizational security posture, improving visibility for senior management.

February 2024 - April 2024

Networking Trainer Thika Technical Training Institute | Thika

- Planned, organized and delivered network training to 100+ students ensuring mastery of networking fundamentals such as TCP/IP, OSI Model, IP routing, subnetting, and network protocols.
- Guided students in hands-on network setup labs, improving pass rates in final networking exams by 15%.
- Mentored students on ethical practices and career development in IT and cybersecurity helping 10+ students secure internships in IT and cybersecurity.
- Maintained accurate records of student progress and training outcomes for reporting purposes.
- Conducted research on emerging technologies to integrate into training modules effectively.
- Assessed learner performance through practical evaluations and provided constructive feedback.
- Collaborated with faculty to design curriculum that meets industry standards and student needs.

September 2023 - December 2023

Security Analyst Intern Yelbridges Ltd | Thika

- Collaborated with the Red team in performing penetration testing and risk deductions and compiled VAPT reports for clients.
- I was involved in the triaging of incidents in SOC, opening and closing tickets in OS tickets, compiling monitoring reports and presentations.
- I performed threat intelligence and provided timely intel to clients.
- I successfully troubleshoot Microsoft Entra sync issues.

May 2022 - May 2023

ICT Officer Intern Amref Health Africa | Nairobi

- Managed 1000+ user accounts in Active Directory, Office 365, and Microsoft Dynamics Navision, ensuring 100% compliance with access control policies.
- Administered antivirus, encryption, and password policies across 500+ endpoints, reducing security incidents by 25%.
- Integrated Wazuh with Suricata to enhance intrusion detection and log management, increasing visibility of network threats by 5%.
- Provided on-site and remote ICT support for 1,000+ service requests, achieving a 95% SLA resolution rate.
- Performed hardware diagnostics and asset management for 1500+ devices, improving inventory accuracy and reducing downtime.

- Supported ICT security and compliance efforts, contributing to successful ISO 27001 audit readiness.
- Conducted ICT inductions and end-user training for 10+ new staff, improving adoption of ICT security policies by 40%.

August 2021 - December 2021

ICT Officer Intern Murang'a South Water and Sanitation Company |
Kandara

- Maintained 200+ user accounts and 150+ ICT assets to ensure accurate records and support daily operations.
- Logged, tracked, and resolved 100+ ICT service issues, achieving a 95% SLA compliance rate.
- Set up and maintained IT infrastructure (20+ network devices, 10+ printers, 100+ workstations), reducing downtime by 20%.
- Performed system mapping and data entry across 5+ departments, improving operational efficiency by 15%.
- Enforced ICT compliance policies, ensuring 100% adherence to data and security standards.
- Coordinated 30+ virtual meetings monthly to enhance remote communication reliability.
